

Governor Profile – Debbie Dorman

Governor Role: Parent Governor

Term of Office: 2 years

Relevant Business Interests: None

Staff Connection: None

I have been a Parent Governor at St Luke's for the past 2 years and have been involved in the changes the school has undergone in that time.

I initiated a campaign to raise money for playground equipment at St Luke's by tackling the 5 Peak Challenge in 24 hours in Cumbria and, thanks to generous donations from parents and friends, more than £1000 was raised for school.

I am the mental health and wellbeing and literacy link governor and to this end meet with leaders of these subjects across the Federation and send in annual reports.

I feel passionately about our children's future shaped by their time at St Luke's and am determined that all our children's voices are heard along with their parent's views. I recognise that there is always room for improvement but I really believe that St Luke's has the potential to support and educate our children and thus provide them with a positive outlook for the future.
