

Governor Profile

Poppy Choudhury

Governor Role: Parent Governor

Term of Office: 3 Years

Term in Office: Since January 2020

Relevant Business Interests: None

Staff Connection: None

I became a parent governor for the Blue Tangerine Foundation as I wanted to be more involved with the school. My son is at the Collett and I saw becoming a governor as a perfect opportunity to help out in any way I could. I am new to the role and it's been interesting to see just how much work is involved in ensuring the schools within the Federation are run well.

I worked in the City as a IT auditor for many years before setting up my own business and am happy to draw on my experience to help out the Federation. I believe every child should reach their potential and it is our duty to ensure that we equip them with the best skill set to allow the to move forward once they leave school.
