I am pleased to be part of a changing school in which my role has varied and moved forward. I like to champion the needs of the pupils and rigorously hold myself and others to account for their progress, welfare and safeguarding. I have high expectations of myself and others and the role of staff governor is an area I have developed through research and practice.

I regularly input evidence, advice and support for other governors in asking pertinent questions and securing the robust interrogation of data, including that which I collate.
