

Governor Profile – Mr Stephen Houtt-Allen

Governor Role: Headteacher

Term of Office: September 2017 – September 2020

Relevant Business Interests: Executive Headteacher

Staff Connection: None

I am delighted to be part of St Luke's School and thoroughly enjoy my role in leading the school, being part of a great team of staff and fantastic children.

It is my passion to make a difference to the lives our young people and in working across three schools, St Luke's, Forest House Education Centre and The Collett School, I intend to ensure our linked provisions enable improved choices and opportunities for everyone here.

I believe in empowering our young people to thrive in life and our role as educators and governors in providing the best quality teaching and resources that ensure our pupils can be proud of being part of our school(s) and, be particularly proud in what they can achieve as a result of their engagement in school.

Moving beyond the remit of the school, I am making effective links with businesses and colleges to make sure our young people are supported to build on their school achievements in order to access adulthood with the relevant skills to succeed and the self-esteem to believe in themselves, so that others can believe in them.
