I joined the governing body in September 2019 and I'm the link governor for Pupil Premium.

I've worked in manufacturing for most of my working life and I hope my experience and the skills I've developed there will benefit the schools in the Blue Tangerine Federation.

I believe that every child should get an education that fulfils their needs and that it will prepare them for the rest of their lives. As a governor I can help to make sure this happens by ensuring that the leadership team have a clear vision which will allow every pupil to achieve their potential and that the money the schools receive is spent wisely.

I try to keep myself healthy. Over the years I have managed to complete seven marathons and I still go out running several times a week.
