I joined the governing body in November 2021, and I am the link governor for curriculum.

I come with strong organisational and planning skills, as well as experience in public relations, understanding of transport issues and strong communication and influencing skills. Although my background is in the transport sector, I am heavily involved in governance and come with experience in challenging and questioning to ensure the best possible results.

I have a passion for education and having two young boys myself, I believe that all children deserve a great education that will help them to be the best they can be in life. I am keen to learn more as well as being involved in helping to shape the future of the Blue Tangerine organisation.

I love spending quality time with my children. I look forward to karaoke and pancake Saturdays, which are my favourite time of the week! I have also recently taken up family hiking as a way to stay active.
