I am excited about the opportunity to be a Governor at The Blue Tangerine Foundation. Having spent my entire working life in education, I have always placed high value on the important role that a school plays in the formative years of a young person's life.

With my experience in directing and nurturing a school's values and standards, I will be hoping to bring a new and fresh perspective to the Governing body, which in turn, will benefit the staff and young people under our leadership.

I am looking forward to working alongside the other Governors in ensuring that the pupils are provided the best educational experience in preparation for later life.
