My day job is as Legal and Governance Executive at an IT distributor based in St. Albans. I have a law degree from the University of Kent and a Master's in Corporate Governance from The University of Law.

I joined the BTF board in September and I'm eager to make a meaningful contribution to such an amazing school.

Beyond my professional life, my passion lies in playing the guitar, collecting vinyl records, and attending as many concerts and gigs as possible— so all things music!
